PROFILE

- Front-End & Cross-Platform Developer with hands-on experience building responsive web and mobile applications. Proficient in HTML, CSS, JavaScript, TypeScript, React.js, React Native, Tailwind CSS, and Bootstrap. Strong focus on clean UI/UX, performance optimization, and API integration. Completed intensive Front-End & Cross-Platform training at ITI, with experience delivering real-world projects in team-based environments.

EDUCATION

•Bachelor of Computer And Information,Tanta University

Computer Science Department

10/2020-07/2024

GPA: 2.9 (B)

Graduation Project: A

INTERNSHIP

•Information Technology Institute (ITI) Training

July 2025 - December 2025

(Front-End & Cross-Platform Development)

offline

- Intensive hands-on training in Front-End and Cross-Platform development for web and mobile applications.
- Worked on projects including Furniture & Burgerize websites & Market-Place App.
- Focused on HTML, ReactJS & TypeScript, Tailwind, CSS, JavaScript, Bootstrap, React Native, and UI/UX best practices.

–Route Academy – Backend .NET Training

jun 2023 - jan 2024

Offline

- * Intensive hands-on training in Backend development using .NET framework.
- * Built and maintained RESTful APIs using ASP.NET Core.
- * Worked with C#, Entity Framework Core, LINQ, and SQL Server for data access and management.
- * Implemented authentication and authorization using JWT and Identity.
- * Applied clean architecture principles, SOLID principles, and design patterns.
- * Gained experience in API testing, error handling, and deployment workflows.

WORK EXPERIENCE

–Voya – Flight & Hotel Booking Platform(Graduation Project ITI)(GitHub)

- * Collaborated with a team to develop a cross-platform flight and hotel booking application.
- * Implemented search, filtering, and booking functionalities for flights and hotels.
- * Built using React.js, React Native, TypeScript, Tailwind CSS, and Redux.
- * Focused on performance, usability, and a seamless user experience across web and mobile platforms.
- * Developed and integrated a chatbot within the project to handle user interactions and automate responses.
- * Implemented using **React, TypeScript, Tailwind and Redux**.

–Adalena-Store (Bags E-commerce Platform)(GitHub)

- * Team-based project developed during ITI React Project.
- * Built a functional e-commerce platform managing product listings, user authentication, and shopping cart functionalities.
- * Developed and integrated a chatbot within the project to handle user interactions and automate responses.
- * Implemented using **React, TypeScript, Tailwind and Redux**.

–Modern Coffee Shop E-commerce website(GitHub)

- * Team-based project developed during ITI Project.
- * Designed and developed a fully responsive coffee shop website, focusing on intuitive user experience (UX) and modern aesthetics.
- * Implemented complex layouts and styled the application using **** CSS**** for rapid, utility-first styling. Utilized ****JavaScript**** components to build a dynamic and highly maintainable front-end architecture.
- * Implemented using **JavaScript, CSS3,Html5, Bootstrap**.

•Front-End Developer (Freelance)

Real Client — Clothing Store

Remote

- Built a fully **responsive e-commerce website** using React.js, enhancing the client's online presence and improving page load performance.
- Developed reusable and scalable UI components to streamline future feature development.
- **Integrated shopping cart and payment** gateway to deliver a smooth, secure, and efficient user experience.
- Collaborated directly with the client to gather requirements and ensure full satisfaction with the final delivery.

HACKATHON ACHIEVEMENTS

–AppOut AI Vibes Hackathon 2025

Top 10 / 120+ Projects

AI-Powered Career Platform

- * Ranked among the Top 10 teams out of 120+ competing projects.
- * Built and delivered a functional prototype within 48 hours.
- * Contributed to approximately 60% of feature planning and system design.
- * Collaborated with a 4-member team to develop an AI-powered career platform.
- * Presented the solution to a panel of 5+ industry judges.
- * Designed 6+ core features including AI CV builder, job matching, and interview screening.
- * Targeted students and fresh graduates in the technology field as primary users.

TECHNICAL SKILLS AND INTERESTS

Languages: typescript, Javascript.

Libraries : ReactJs ,ReactNative.

Web Dev Tools: sql server, VScode, Git, Github,BostMan,MockAPi.

Frameworks: ReactJs.

Cloud/Databases:Firestore, Relational Database(Sql).

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

Areas of Interest: Web Design and Development, Cloud Security.

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability,Communication.

CSS/Styling: CSS, Bootstrap, Tailwind CSS.

LANGUAGES

– Arabic – Native

– English – Good
